Bilateral Meetings

- Thursday (1:30pm - 6:00pm)
- Friday (9:00am - 12:00pm)
- Friday (12:00pm - 4:00pm)

Description

PDQ Specialist Couriers is a bespoke pharmaceutical logistics provider, operating across the UK, Europe and Worldwide. We specialise in the transportation of irreplaceable samples, biological matter, clinical trial materials and pathology samples. We work with leading CRO's, NHS trusts, IVF clinics and life science organisations worldwide, designing bespoke transport solutions on a case-by-case basis. Our dedicated road solution allows clinicians to remotely track the status of their samples, tracking their location and temperature in real-time throughout the UK and Europe. PDQ also has a comprehensive Air Freight network throughout the world, allowing samples to be sent to all corners of the globe under thermally controlled conditions.
