## Bilateral Meetings

- Thursday (1:30pm - 6:00pm)
- Friday (9:00am - 12:00pm)

### Description

Medical Booking aims to improve the access of healthcare worldwide.

We supply innovative solutions to healthcare providers in order to meet this goal.

These solutions include in-clinic automation software, as well as 24/7 access portal to healthcare.

Our products are:

- 1) Attracting new patients online through an integrated system on healthcare directories.
- 2) Web diary with reminder, specifically designed to fill-up cancellations\*
- 3) 24/7 automated phone line for medical appointments, advisory and intoxication information. This phone line software is speech recognition driven in 80 languages, using triage software and IBM Watson integration
- 4) review system and in-clinic customer satisfaction survey and feedback
- 5) Internet of Things (IoT): using sensors to monitor in-clinic patient journey\*
- 6) Making DNA and one-droplet preventivie screening more accessible.

\*= under development / not yet released.
