

Michel de Baar

Director, Business Development

The Pirbright Institute

<http://www.pirbright.ac.uk>

Bilateral Meetings

- Friday (9:00am - 12:00pm)
- Friday (12:00pm - 4:00pm)

Description

The Pirbright Institute is a world leading centre of excellence in research and surveillance of virus diseases of farm animals and viruses that spread from animals to humans. Working to enhance capability to contain, control and eliminate these economically and medically important diseases, the Institute's highly innovative fundamental and applied bioscience contributes to global food security and health, improving quality of life for animals and people.
